Get ready for a high-energy homage to the ladies who topped the charts!

From The Supremes to Chaka Khan, Lesley Gore to Donna Summer, Aretha Franklin to The Pointer Sisters... The Chiclettes will have you dancing with their high-energy tribute to female artists spanning decades! Performing one hit after another, they honor the incredible contributions these artists have made to pop music over the years with their intricate style and exceptional talent. Their high-energy appeal is universal; the young and young-at-heart appreciate them alike!

The Chiclettes and their band, The Coda band, have shared the stage with countless Rock & Roll hall of famers including The Drifters, Little Anthony and The Imperials, The Trammps, The Stylistics, The Delfonics, Gary US Bonds, The Crystals, and the list goes on. Their history includes appearances on NBC TV, CBS FM's Doo Wop Shop with Don K. Reed, and the "Doo Wop 52" special produced by WQED TV and aired nationwide.

They are also repeat performers on the Time/Life© sponsored Malt Shop Memories Cruise first appearing in 2013, and yearly from 2017 through 2025.

They continue the tradition of being an exciting, unique addition to any performing arts calendar. Wherever they perform, the combination of energetic talent and live renderings of some of the greatest songs ever recorded always leaves an enthusiastic crowd wanting more!
